

In The Presence Of A King – DONALD LAWRENCE

Do you know what it is
Can I tell you how it is
Oh to know how it feels to be in the presence of a King
(repeat)

Sweet presence
God's presence
Experience fullness of joy
God's presence
Bathe in His presence
It's an honor and a privilege to be in the presence of a King
Such an honor and a privilege to be in the presence of a King

Do you know why it is
Can I take some time and tell you how it is
Oh to know how it feels to be in the presence of a King

Sweet presence
God's presence
Experience fullness of joy
God's presence
Bathe in His presence

It's an honor and a privilege to be in the presence of a King
It's an honor, privilege to be in the presence of a King
There is privilege and deliverance here in the presence of a King
There is healing, deliverance in the presence of a King

In the presence of a King
In the presence of a King
In the presence of a King
