

LPMBc TEXT MESSAGING INSTRUCTIONS FOR YakStack
One Way Free Group Text Messaging
www.yakstack.com

Compatibility

- Android, iPhone and Online

Basic YakStack Structure and Terminology

- **Yak**...a text or voice msg
- **Feeds**...the group(s) that you subscribe to.
- **Feed Managers**...LPMBc users assigned to send messages to the group.
- **Followers**...those who subscribe to groups to receive messages.
- **Account** = LPMBcNashville

Steps for Followers

- Download and Install YakStack app
- Sign Up:
 - Open the app and skip the intro pages if you choose (top-right)
 - Enter user name, email & password and submit.
 - Check your email for YakStack confirmation (check spam folder if needed)
 - Click the confirmation link in the email
 - A YakStack Sign In page "for the YakStack website" will appear. Do not use it for these instructions. Instead, use your downloaded app to sign in.
- Add Your Phone # (This is optional and can be skipped. No need to add your phone #. The app does all the work.):
 - Once signed in, navigate to Account Settings under the Home menu (top-left menu icon w/three small bars)
 - Select Manage Phones and select Add a Phone
 - Enter phone # and name and select Text Me to receive a PIN via text msg.
 - Enter PIN and select Activate Phone
- Subscribe to Your Feed:
 - Navigate to Search under Home menu (top-left menu icon w/three small bars)
 - Search for LPMBcNashville or LPMBc
 - Select your Feed and Subscribe
 - Turn on the Subscription Option "Text My Phone with Text Yaks"
